# CYBER LIABILITY INSURANCE

**Computer Replacement Coverage Included**

You conduct business, shop for your business needs and bank online. The risk of a breach is real and requires the most comprehensive protection.

## CYBER LIABILITY RISK

Cyber liability is the risk posed by conducting business over the internet, over other networks, or using electronic storage technology. Cyber Liability insurance is designed to mitigate losses from a variety of cyber incidents:

- Data Breaches — including paper and digital files
- Business Interruption Coverage
- Network Damage — including third-party lawsuits due to loss of privacy
- Electronic Financial Transactions/Crime coverage
- Social Engineering
- Reputation Repair Assistance
- Forensic Audits To Locate and Reduce Further Data Breaches

Primary cyber exposures include personally identifiable information (PII), retained data, credit card theft, and business identity information claims. Attacks on your computers that are not protected can result in the theft of PII and other information.

## COMPLETE PROTECTION

Your policy includes a full suite of security apps:

- 24/7 security monitoring
- Automated threat & intelligence alerts
- DDoS mitigation
- Security Benchmarking
- Employee training
- Patch reminders
